## I WENT MOURNING WITHOUT THE SUN; I STOOD UP AND CRIED IN THE CONGREGATION.—JOB, 30-28.

Pittsburgh's payroll amounts to \$1,000,000 a week. Ours don't.

No, the nation is not slowly drifting toward universal military service. It is going at express speed.

The fellow who makes a practice of betting on horse races seldom finds other people betting on him.

It takes Uncle Sam a long time to get started, but the old boy can raise a heap of dust when he finally shakes his legs.

Don't worry—volunteers will flock to the colors thicker than bees at swarming time. Free spuds and beans will do it.

When a man is prosperous he looks like a brand new dollar bill; when he's down and out he looks like a rotten banana.

The world's consumption of cotton last year was 12,250,000,000 pounds, of which we consumed one perfectly good pair of socks.

Better plant that garden and get it in shape before you are called off to war. The wife and kids can finish it, and they may need it.

Some of Carbon county's husky yeomanry now know as much about gasoline engines as they formerly knew about rubber-tired buggies.

Lurid editorials continue to tell us that America is wallowing in gold. Will some one kindly construct a hundred foot canal leading straight to our door?

The best merchants advertise all the time. The others some of the time.

Carbon county farmers are on the job this year. They are going to raise good crops or bust in order to compete with the hundreds of thousands of town gardeners this summer.

In countless cities of the United States just now, the cultivation of the lowly potato is getting more attention from authorities and citizens than the cultivation of babies could ever hope to get.

One of the horrors of war has been that the submarines delayed the shipping of divers Paris gowns in this country, accounting for the lack of garments at southern bathing resorts throughout the winter.

"Recently patented garters for men include pockets for carrying money," says a news item. And, presumably, when a fellow wants to treat his best girl he will have to undress before he can reach his wad. Not for us!

It's a good thing for the country that patriotism does not depend on how we display the American flag. The average householder in Price, it seems, hasn't got an American flag or is too busy to go to the trouble to hand it out. Yet we know Price is jammed full of patriotism.

Democratic leaders are now urging that "after the war" will be plenty of time to take up the problem of a protective tariff. Long before the days of Aesop, there were plenty of people who contended that it is sufficient to close the barn door after the horse has escaped.

The Topeka Capital—Governor Capper's paper—declares that the president was not re-elected because he "kept us out of war," but because of an "assurance that he would continue to do so." If this be true, it is now in order for those Kansans who voted for Wilson on this ground to sue him for breach of contract.

The United States has never lost a fight and is not going to lose one now. It is unspeakably a bad thing for our country to be drawn into the European conflict. It will set us back many years in the march of progress and civilization, but, now that we are in, every loyal heart will beat in unison to the purposes of the government. Germany must and will be brought to her knees. It may take years and cost billions of treasure and myriad lives, but it will be done. With the greatest wealth and the bravest, wisest men of earth, the United States will never falter until the German empire is brought to see civilization in a different light. But let no one fancy that it is child's play. If Germany means to fight to the bitter end, and it looks that way, then the war is young yet, for so far hostile foot has not been set upon the soil of the fatherland.

## KANSAS CITY MARKETS

Cattle Ten to Twenty Cents Higher for the Week.

(The Sun Special Service.)

KANSAS CITY, MO., April 9.—Cattle receipts were eleven thousand today, nine thousand less than on last Monday. Market ten to twenty cents higher, following a rise of fifteen to thirty-five cents after Tuesday of last week, a long string of good steers at \$12.00 to \$12.40, including pulpeds. Hog receipts today were nine thousand five hundred, market fifteen to twenty-five cents higher, following an advance of forty cents last week. Top \$16.10. Sheep and lamb receipts eight thousand, market fifteen to twenty-five cents higher. Lambs, \$15.50. Eggs \$12.75, both new high records. The limit on strictly prime native beef cattle has been raised to \$12.00, though none that good here today. Fair to good natives sold at \$11.00 to \$12.00, light steers were here with sales mostly at \$11.50 to \$12.40. In the quarantine division seven cars from Oklahoma sold at \$9.45 to \$10.00, weights from 915 to 980 pounds, and some Arkansas steers weighing 950 pounds sold at \$9.50. Cows and heifers sold a quarter higher in some cases, heavy cows up to \$10.50, yearling heifers and steers worth up to \$12.00, bulls \$10.00, veals \$12.00. Buyers have shown keen desire for all grades, especially steers with weight, since the middle of last week.

Prices broke around fifty cents on stockers and feeders the first of last week, and the accumulation of the first few days was worked off pretty close on that basis. A few sales after Wednesday a shade stronger. The break was believed to be temporary, and so it proved to be, sales today around twenty-five cents higher than the close of last week, stock steers mostly \$5.00 to \$5.50, feeders \$5.00 to \$5.00. Exceptions higher in each class.

Hogs, fifteen cents higher at the start and twenty-five cents higher at the finish, cleared the hog market today, the lower end of the bulk of sales getting the full advance. Prime heavy hogs sold up to \$16.00, medium weights \$15.00, lights \$15.50, bulk of sales \$15.50, to \$16.00. Big advance in wheat and provisions since Friday furnished part of the stimulation in the hog market today, together with the natural bullish outlook on futures. Receipts fell below estimates at most points, and nothing more than light supplies are considered possible the balance of this month. Farm activity will not hold receipts down as much as when prices were half what they are now, although the supreme importance of raising a large crop if possible is pretty generally understood.

The market got out of the rut today on sheep and lambs, most of the lambs at \$15.00 to \$15.20, with heavy northern lambs, 44 pounds, at \$15.00, ewes from the Ft. Collins, Colo., districts at \$12.75, yearlings worth \$11.00, wethers \$12.00, clipped lambs around \$12.50. Lack of a pit shaft spring lambs out of their usual premium this spring, and they are being kept at home till they grow some wool. Goats are scarce, but clipped Angoras are worth up to \$7.50, unclipped \$5.00, kids \$10.50. Moderate receipts and stranger prices are the forecast.

NOTICE OF CHATTEL MORTGAGE SALE.—Notice is hereby given that whereas default has occurred in the conditions of that certain chattel mortgage, executed June 27, 1916, by J. W. McGinn, mortgagor, to Wedeles Brothers, mortgagee, which said mortgage was filed July 11, 1916, in the office of the county recorder of Carbon county, Utah, in File "W," by reason of the failure of the said mortgagor to pay the debt secured thereby; and whereas there is now due and unpaid on the said indebtedness to the undersigned, the sum of \$145.35. Now, therefore, the property described in mortgage, to-wit: 260 lbs. leaf tobacco; 5 cigar boxes; 1 work table; 80 cigar boxes; 1 press; 3 drying racks; 4 sets molds; 30,000 cigar bands; 3 chairs; 1 casing tub; 1 stove; 2 rolls Japanese paper; 20,000 sheets cigar paper; and all other fixtures, tools and implements used in and about the Favorite Cigar Factory, at Price, Utah, or so much thereof as may be necessary, will be sold pursuant to the power of sale in said mortgage contained, at public sale, to the highest bidder, for cash, on the 21st day of June, 1917, at 2:00 o'clock in the afternoon, at the Favorite Cigar Factory building, on Ninth street, between I and J streets, city of Price, Carbon county, state of Utah, to satisfy the debt secured by said mortgage, and the costs and expenses of these foreclosure proceedings.

Dated at Price, Utah, this 15th day of April, 1917. L. A. McGinn, Attorney for Mortgagee, Wedeles Brothers, Mortgagees. First publication April 13, last April 20, 1917.

NOTICE TO WATER USERS.—State Engineer's Office, Salt Lake City, Utah, April 8, 1917.—Notice is hereby given that Franklin D. Alger, whose postoffice address is Price, Utah, has made application in accordance with the requirements of the Compiled Laws of Utah, 1907, as amended by the Session Laws of Utah, 1909, 1911 and 1915, to appropriate two hundredths (.02) of a cubic-foot of water per second from a spring area in Carbon county, Utah. Said water issues at a point which bears north 51 degrees east 1309 feet from the southeast corner of Sec. 18, Twp. 12 South, Range 15 East, Salt Lake base and meridian. The water will be used from January 1st to December 31st, inclusive, of each year, for stock watering purposes. This application is designated in the State Engineer's office as No. 7132. All protests against the granting of said application stating the reasons therefor, must be made by affidavit in duplicate, accompanied by a fee of \$2.50, and filed in this office within thirty (30) days after the completion of the publication of this notice. W. D. GERRISH, State Engineer.

Date of first publication April 13, 1917, date of completion of publication May 11, 1917.

## MIDLAND TRAIL MATTERS

Scout Car to Make Trip From San Francisco to Denver, Colo.

(The Sun Special Service.)

GRAND JUNCTION, Colo., April 10.—The latest advice from the San Francisco Ad club are that they cannot overcome the heavy pressure of the Lincoln highway advocates to keep them from using the Midland trail through Utah and Colorado, and that the Lincoln highway folks are using all sorts of weird stories to keep the party on their own highway. The most persistent of these is that the Midland trail is not open by the last of May, and is rough and dangerous to travel at any time. We all know how untrue such a statement is of any of the road, but have finally found a way to get the matter settled.

The Ad club is to send a scout car, starting from San Francisco on May 1st, running from there to Salt Lake City on the proposed new Lincoln highway (they have had to change it in Nevada to compete with us), thence over the Midland trail to Denver, and back through Cheyenne to Salt Lake City and West again. The report of the scout party will be final for the tour.

This means that we ought to have our road open by May 15th if we can do it, and send the scout car through on a flying trip. Don't neglect a single thing which can serve to make the road better or help the scout car make time. Please write us what you

are doing, and give us a chance to help where we can.

To capture this tour after such a fight, means that we have upset the road game of the Pacific Coast, as San Francisco has always been a strong Lincoln highway town. We can do just that. All it needs is keeping everlastingly at it.

## HIAWATHA HAPPENINGS

Surprise and Farewell Given Young Man Who Enlists.

HIAWATHA, April 11.—Monday evening a farewell was given at the Star theatre to John Miletch who recently enlisted in the army and who has gone to the front in defense of his country. A very enjoyable evening was spent in dancing after which refreshments were served. Sunday evening a surprise was tendered him at the home of Mrs. Clara Miller. Among those present were Mr. and Mrs. K. T. Simmons and daughters, Beatrice and Doris, Mr. and Mrs. P. Miller, Jerome Switzer, Frank Leamaner and Mr. and Mrs. Oscar Blackburn. A most enjoyable time was had and refreshments served. All regret very much in losing him as he was one of the substantial young men of the camp.

Mrs. James Simmons was a Wellington visitor during the week.

Mrs. Clara Miller and Beatrice Simmons will leave in the very near future for Springfield to visit friends and relatives.

On Easter Sunday the hills around the camp were crowded with small

children with their lunch baskets on their arms.

Mrs. H. Murphy and Mrs. Catherine Patrakis and daughter Mary, have returned from Salt Lake City, where they have been on a visit.

Mrs. W. J. Jones has moved to Cleveland to make her home in the future.

Mrs. Pete Lanson entertained the Croquet club at her home last Thursday afternoon. Refreshments were served the guests and a most enjoyable time spent by all present.

Mrs. K. T. Simmons and Mrs. Clara Miller were Black Hawk visitors last Wednesday.

Saturday evening the A. B. C. orchestra gave one of their delightful dances at the Star theatre.

Perry Miller was in Cleveland during the week rounding up some horses.

Please to insert my husband, T. J. Northey, has received an accident while going to work. His foot got badly bruised, and, more bad news, I have now my dear baby boy going to fight in the American navy. This will make six sons now, so the people of Utah think how my thoughts are. I am ready to help fight myself and I will sacrifice my life for dear old United States of America. Now please to let this go in the paper if it cost me all I'm worth.—Mrs. William J. North, Mohrland, Utah.

One hundred acres of choice land, including water, six miles from Price, under the big canal will be sacrificed for quick sale. Lee-Nelson Company.

If you have any old thing that needs repairing, take it to Robinson's repair shop.—Advt.

We are exclusive agents in Price for
